Follow Highway 35 north to Duluth, MN and stay on 35 through Duluth. Go through tunnels in Duluth. Go ½ mile past last tunnel and exit on 21<sup>st</sup> Avenue E. (right hand exit #258). Take a left and follow 21<sup>st</sup> Avenue, uphill, past McDonalds (on the right) and go about 5-6 blocks. Turn right onto Woodland Avenue, (this is a T-intersection). Follow Woodland Avenue up the hill, past the Holiday and Mobil Gas Stations (on right) and go through several stoplights. Turn right on Snively Road (this becomes Jean Duluth Road, Cty. Rd. 37). Go approximately 11 miles to another “T” intersection and turn right on Highway 44. Go approximately 33 miles to “T” intersection, 44 turns left but you will *turn right* onto gravel road #353, (just before this intersection there are “15 mph” signs on the left and right sides of the road). Continue straight on the gravel for about 3 miles (the road numbers change...see map). Directly ahead of you at the “T” is an old garage type of building. Turn right, (south) onto Murphy Lake Road. Go 1 mile and you will come to a driveway on the left with a sign that says “Wilderness North.”
